Good morning Nako!

It's rare to see you at the promised time, isn't it?

giggle

Because if I don't practice being a host...

...before everyone arrives, it will be bad!

Shouta-kun, you're really fired up aren't you!

Of course.

A prince costume!

By the way Shouta, did you bring a costume with you?

How did you make that!?

Amazing!

I just made this out of an old curtain as best I could...

This...

How about Nako's princess costume?

I stitched some gold-colored cloth tape to a hand-me-down jacket.

I'm just showing off my craftsman skills I cultivated with remodelling 4x4's...

For now, let's get changed before everybody comes.

Not at all...

Well done! Did you make this in one try?

heeh...

I guess it's a little too big after all...

okay

I'll be over there; tell me when you're done.

Let's see...

Are you done changing?

Hey, Shouta... what do you think?

It may be a little too big ...

NGA!?

Your boobs are in plain view!!

It's because I'm not skillful...

Yan! How embaras-sing...

You're embarrassed about THAT!?

Give it to me; I'll fix it.

Thank you!

I brought one just in case.

Na...Nako, is there a sewing kit?

キュッ"!

This should do it.

I shortened the shoulder straps by stitching them to the waist.

キュキュッ

Waah! It's a perfect fit!

This is why I respect skillful people.

ドクン

gulp

She looks strangely like an adult

Maybe it's because of her tied up hair...

Or is it that little by little...

?

heh!?

Ah!

Just now you were thinking my hair ends didn't look right, didn't you!

Me!?

I got it! Shouta, why don't you cut it?

It's okay if you just trim the ends.

If it's just that ...then I don't mind.

No, I wasn't really thinking about anything...

To be honest, I intended to go to the beauty parlor yesterday...

This is my first time cutting a girl's hair, so I'm a bit nervous...

umumu ...

ドギドギ

okay

I'll wipe these off, so don't move.

urya...

キョロキョロ

oops

I'm sorry, some hairs may have gotten inside the dress..

I... it's okay

In that case I'll just lift the hem

hya!

That tickles!

huh?

They may be stuck in the dress.

It's prickling over here...

How about taking it off a bit so it can be wiped?

Let's do that.

yan!

It's really itching now...

nn

huh?

why!?

I can't take the dress off!

Crap... I stitched the waist together...

キュッ

キュッ

ほどけ

ほどけ

Yaahn! I can't take it anymore!

What do I do? It's itching so much!

I got it

I'll undo the waist, so keep it on.

?

nn... Shouta, help me...

Please, get rid of the itching quickly...!

I can't reach it because the skirt is in the way...

チカチカ

It's itching between my buttocks...

A...a shameless pose!?

Those hairs are stuck to Nako's delicate zone!!

You're kidding me...!!

This has to be done... This is my responsibility!

Me, as a man ...as an adult

It's my duty to protect a girl's precious spot!!

nn!

Nako... I'm going to touch.
